

BRODHEAD

We understand that certain parties have announced privately their intentions to make certain races for county offices, and have made the chief plank in their platform "against the bond issue." We wonder what voter in this county would consent to cast his vote for a man or woman who openly has declared himself against the up-building of the county, against an issue that will sure bring prosperity to every voter. It matters not how good roads are to be built a candidate for office under the present laws cannot afford to oppose them, nor can the who vote, but the idea of anyone asking office at the hands of a progressive people, and then oppose the best opportunity our people has ever had to bring about prosperity, and put on a level with other counties. No right thinking voter will ever cast a vote now under such circumstances. It might have been a popular election scheme once, but will never be again, and the fellow who expects office hereafter will have to offer the people something better than being against the bond issue or he will not get enough votes in these parts to count.—R. E. Woods, ex postmaster of Louisville, will address the people here tomorrow at the bank hall on the good roads subject. Don't fail to hear him. The time will be 2 o'clock.—R. E. Lawrence was found dead in his bed one morning last week.—U. B. Cass returned to his work on the L. & E.R.R. last week, after spending a few days with his parents. Mr. and Mrs. J. R. Cass.—Master Arnold Hatt spent several days with Mr. and Mrs. A. M. Hatt last week.—Prof. Pilkerton, principal of the Brodhead graded school reported 200 children in attendance last week out of a total enrollment of 268. That certainly speaks well for the faculty. We are sure of one thing were the patrons as much interested in their children attending regularly as is our principal, there would be a full attendance every day. Prof. Pilkerton has used every fair means to induce the patrons to send their children to school, and now he proposes to see that the law is rigidly enforced, and to show that the means to carry out the compulsory clause of the school law, he swore out a warrant for L. D. Ross for failing and refusing to send his children to school, and the gentleman was fined \$5. in police court as a result. The fine would doubtless been heavier but Mr. Ross promised the court to have his children in school the next day, and the Court gave him the lowest fine, and his children are regular attendants now. Other warrants have been issued and the parties will be given an opportunity to look Judge Haggard in the face, which of itself will be sufficient punishment, and should be seen to place a fine of from \$5. to \$10. the whole affair will be unbearable.—H. E. Jones of near East Bernstadt, bought a farm from Sim Taylor for \$800.00. Mr. Jones is a son-in-law of Mr. French who bought the Ward farm.—Mr. and Mrs. O. A. Frith were in Livingston last week on account of the serious illness and death of Mrs. Frith's mother, Mrs. A. Pennington.—Arch Taylor, the Gum Sulphur merchant, was given a judgment against George Brummett in Police Court here last week for a \$5. store account, which Mr. Brummett denied owing. A jury failed to agree in the case of J. T. Lawrence against George Brummett, and the case was continued. Mr. Lawrence is suing Mr. Brummett on a store account of \$2.40. Attorneys Gentry and Lewis of Mt. Vernon were here Judge Lewis representing Brummett. County Attorney Gentry the other gentlemen.—1300 dozen eggs were shipped from here one day last week, and this was not a good week for eggs either.—Frank Brooks, of Crab Orchard was here last week between trains.—Mrs. A. J. Haggard is quite sick, and has been confined to her bed for the past two weeks.—R. S. Martin, prominent tobacco manufacturer, and one of the best citizens in our town, died at his residence here at Low Twelve Saturday night. Mr. Martin, who was 75 years old, had been a constant sufferer from asthma for several years, and at times it seemed that he could not recover from these attacks. About two weeks before his death, while suffering greatly from an attack of asthma he suffered a stroke of paralysis and from which he did not recover. Mr. Martin was born in Virginia the latter part of the year 1839, and moved to this state when 30

Hon. William Carson Black,

of Barbourville, Candidate for Republican Nomination for State Senator at the Primary Election in August.

As a legislator from the Knox-Whitley district, and Minority Leader of the House a few years ago, Dr. Black worked for better school laws, better roads, temperance legislation, equitable taxation, a just redistricting law, increased appropriation for State University—the people's protection of Republican principals and interests of the people.

His bills for the payment of common school teachers while in attendance at county institutes, Good Roads resolutions, encouragement of farmers institutes, railroad police protection for the traveling public, Lincoln bill in opposition to the Goebel bill, paying heirs of the Hon. R. D. Hubble, late Representative from the county of Pulaski—a new precedent and a new law, are some of the more prominent measures which became laws or were given flattering consideration by the daily press, if not by an overwhelming Democratic House.

If you want to vote for a Republican who has been tried and proved himself a student to the needs of his people and in sympathy with every pulse of its religious, economic, social, educational, commercial uplift and community asset;

If you would have a Senator who can and will do things, who isn't feathering his own nest for future political preferment, who will be fearless enough to stand and vote for legislation that will place Kentucky in the forefront of states, that capital may come into our midst and labor find employment, that the wheels of machinery might hum, the hidden nuggets of wealth be uncovered and a bright blaze continually glowing in the fire of hope and prosperity, then tie your string to William Carson Black.

This stalwart son of Knox county (and by the way that county has not been represented in the Ky. Senate for 40 years) is a parliamentarian, hard worker, fearless in discharge of his duties, as his record as Minority Leader of his party will bear evidence.

He will endorse the policies of the Republican party which it will give to suffrage of the Commonwealth for consideration and appealing approval (doesn't think that any man is bigger than his party) and will advocate all good roads, school taxation, workman's compensation, temperance, redistricting and all other legislation which his party and people demand and require for its moral, educational and business improvement.

Dr. Black, as regimental Surgeon, spent FOUR MONTHS ON THE FLOOR AS HIS SOFT DOWNY COUCH during the Goebel-Taylor trouble without remuneration or complaint. He would have you return him to the State Capital in the capacity of a State Senator that he might occupy a MORE COMFORTABLE BERTH for which he promises you his best efforts and most arduous labor.

Pulaski county Republicans will remember Dr. Black most loyally, not only for the R. D. Hubble legislation, but for his whole record and ability to accomplish legislation.

W. W. CECIL.

years old, and has lived here ever since. He lived on a farm, where his son, Virgil Martin now lives, about two miles south of town, and followed farming and school teaching several years, after which he moved to town and began the manufacture of tobacco, continuing in that business to the time of his death. Mr. Martin was a devout member of the Christian church, having served as Elder for the past thirty years, which he honorably filled until his death. He was a life-long mason, having held several important offices in the local lodge here. Short funeral services were held at his late residence by the Rev. Young, of the Mt. Vernon Christian church, after which he was laid to rest in a family burying ground on his old homestead, beside his first wife and son. He is survived by his second wife, who is a daughter of Mr. and Mrs. J. P. Harris, three sons and three daughters, Virgil, Douglas and Urwin. Mrs. E. E. Protheroe, of Chicago, Ill., Mrs. Byron Owens, and Miss Isabel Martin, all of whom were with him at his death. He has four brothers, S. H. Martin, of Mt. Vernon, and three brothers in Virginia. His grandson, Clarence M. Perkins, Cashier of Bell National Bank, Pineville, Ky., was constantly with him during his last illness and death. No one had more friends than Mr. Martin and he will be greatly missed. We have known him all our lives, and that acquaintance brought about the closest ties of brotherly affection, and we deeply mourn his

loss and extend to the bereaved ones much sympathy. Those afflicted as pall bearers were, W. A. Reynolds, of Junction City, W. E. Perkins, of Crab Orchard, W. A. Carson, A. E. Albright, J. W. Proctor, and W. H. Sowder, of this place.—Mrs. George Hasty's child died of last week and was buried beside his father, who died, just five weeks previous, near the Lincoln county line, where they formerly lived.—Dr. Carter took Tom Mink, Jr. to Stanford last week, where he was operated on for granulated eyes by Mrs. Brown Southards and Carter.—Mrs. J. J. Albright and little son, Mack, were in Mareburg last Friday to see her parents, Mr. and Mrs. J. J. McCall.—F. F. Robins, of the Copper-Creek section, reports 33 young lambs within two weeks and 30 of that number are living. Judging from the present market price he will realize quite a little fortune from sheep raising this year.—Mr. and Mrs. J. Thos. Cherry were here Sunday to see Mr. Martin, and Mrs. Granville Owens.—Ras Elliott, a young man visiting Joe Riddle, and a student from Berea College, in attempting to board a south bound freight here Monday morning lost his balance and fell between the train and platform curbing, the train passing over his right leg just above the ankle, and otherwise bruising him. He was dragged for several yards, and thrown out upon the platform. His leg was amputated about five inches below the knee by Dr. W. F. Carter, Railroad Surgeon, assisted by Dr.

W. E. Gravely, of this place, and Dr. E. J. Brown of Stanford. His father, S. G. Elliott, Ex Sheriff of Casey County, who lives in Middlesburg, and Dr. Jas. Wesley, also of Middlesburg, arrived Monday night, Dr. Wesley, who is a relative of the family, remained until Wednesday morning, his father will stay with him until he is out of danger. He was taken to the Frith hotel, where he will remain until able to be taken home. Joe Riddle, who was class mate of young Elliott at Berea, is constantly at his bedside, and will remain with him until he is better. He stood the operation fine and seems to be getting along alright. Drs. Graveley and Carter are attending him. We hope our boys will learn a valuable lesson from this unfortunate affair.—W. A. Carson was in Crab Orchard Monday afternoon on business.—We understand there were seven deaths Monday night within a radius of five miles, Mrs. James Brown, Mat Bussell, and an infant of Mr. and Mrs. S. E. Chaudler being three of the seven.—Mr. Furnish, brother of Arch Furnish, of Mt. Vernon, moved his family here first of the week, and is occupying the J. E. Woodyard property. We are certainly glad that Mr. Furnish and his estimable family have cast their lot with us, and hope they will never have cause to regret it.—W. H. Brown and J. M. Craig were here during the week with hogs. We have been told that there were no hogs in the country, but every few weeks Brown & Craig pass thru with a nice drove.—Mrs. R. E. Albright and Mrs. L. M. Brown are visiting relatives and friends at Junction City and Danville this week.—W. A. Carson sold his farm near

Mareburg to Z. Emrick for \$800, and bought a house and lot from J. Thos. Cherry, which is, now occupied by J. L. Pilkerton, for about \$700.00. We are certainly glad that Mr. Carson has decided to permanently locate here.—W. E. Perkins, a prominent merchant of Crab Orchard, his wife and daughter attended the funeral of R. S. Martin here last Monday.—Miss Anna Cass entertained a number of her friends one evening last week.—R. L. Collier, Crab Orchard's bustling telephone pole man, was here Monday at the funeral of R. S. Martin.—Remember that State Director Robt. E. Woods will address the citizens at Brodhead tomorrow afternoon. Don't fail to hear him.

CAM MULLINS, Sheriff, Rockcastle County, Kentucky.

Pineville, Ky. 3-2-15.

Mr. Edgar Albright, Mt. Vernon, Ky.

Dear Sir:

Enclosed you will find copy of a letter which is one of the best we used in our Campaign for Good Roads. I have not asked Mr. Creech's permission, but feel sure he will be glad to have you publish it there, or anywhere, where it can help to get the best State in the Union and the best part of said State—the Mountains, out of the mud, and on the way to that prosperity which is rightfully hers.

Mr. Creech is one of the largest taxpayers in Bell county, the largest of any farmer, he is a very conservative man, and as he says when he left home for Florida he was not entirely convinced as to the proposed Bond Issue being the best for the County but a short stay where they had good roads, and voting bonds again for more, he was convinced and became one of our most ardent supporters.

Personally, I have been away from Rockcastle—my home county many years. There ever lingers that love for the people and that place of my birth, Judge Bethurum will recall, at one particular time, I emphasized this fact a little too strong, and had the following handed out to me:

It was on an evening we had called upon some young ladies in whom we were interested, and I, possibly as usual, had a good deal to say about friends in Rockcastle until finally the young lady remarked "if I would be right good she thought I might go to Rock castle when I died." Well, of course that kinda put a "set back" to my Rockcastle talk, but the "fellow feeling" is there still, and for sentimental reasons I want to see the good old County neck and neck with the best in the State. Not alone for sentimental reasons but for business reasons, for the sake of friends still living there, and who have my best wishes. I have for some time been in touch

with that part of Virginia that has within the last few years built good roads, the advance in the price of farm lands, the amount of fruits, vegetables, grown and marketed, sounds too much like a fish story, and while there is at least one man in Rockcastle who says he believes I am a second Geo. Washington as to veracity, I will not attempt to give you the figure for fear of raising a doubt as to the wisdom of that friend's contention, but will say inquire for yourself of any one hailing from these parts, and I assure you you will be surprised.

After several years' absence I had the pleasure of attending the Mt. Vernon Fair last year, I was expecting a good County Fair because I heard good reports each year, but frankly, I was surprised at the showing, and wonder if the home people could appreciate what a good Fair you had, or the development of stock, produce etc like one does after an absence of a few years. I am fully expecting if I can raise the where-with-all by 1915 to get in my car in the morning and run out and spend the day at the Mt. Vernon Fair.

Very respectfully,

W. B. MYERS.

VOTE THE BONDS

Says B. F. Creech, who Writes from Florida, Endorsing the Bond Issue

St. Petersburg, Fla., 2-5-15.

To The Sun:

I have just read the letter of Judge T. J. Asher, published in your issue of January 29th, and I gladly endorse all he says in support of the proposed good roads bond issue, to be voted for in Bell county on the 18th inst.

When I left Pineville I was by no means committed to the support of these bonds; but reflection and what I have observed since reaching Florida on this trip, have combined to convince me that it would be a great mistake for the voters of Bell county to defeat these bonds.

Since coming to Florida I have traveled over much of the State, and I have found the good roads movement of first consideration and chief topic of discussion among the people wherever I have gone; and such has been the case here for the last two or three years with the result that there are now many good roads in every part of the State. Here in Pinellas county, the smallest and one among the youngest counties of the State

the most enterprising and progressive of them all, the people recently voted bonds to the amount of \$370,000.00. The proceeds of these bonds have been expended and, while there are some who complain that the money did not accomplish all that it should have accomplished, it is nevertheless evident that a long step has been taken toward supplying the county with such a network of good roads as will enable every inhabitant of the county to reach the county seat, the railroad stations and the local markets with comfort and ease in automobile or other vehicle thereby greatly enhancing land values in all portions of the county.

Bell county needs just such network of good roads and the proposed bond issue is the first great step toward getting them. The time for voting such bonds can never be more favorable than the present; for the people of Bell county must know that the proceeds of these bonds and the State funds by which they will be supplemented will never be squandered nor mismanaged under the present law.

I had intended saying something of this town and the many Kentuckians to be found here, either as permanent or temporary residents; but I must defer this to some future letter, as I have already made this letter too long.

Very truly,

B. F. CREECH.

The Estill County grand jury returned indictments against T. C. Wallace, Frank Chaney, J. M. Pynes, Ambrose Lynch, Bill Lynch and L. S. Gardner, charging them with the wilful murder of Houston Underwood who was called from his home in Irvine on the night of Feb. 12th and filled full of bullets. They were all placed in jail at Irvine to await trial. There is one L. S. Gardner who conducted a barber shop here and at Livingston about 3 years ago but it is not known whether or not this is the same man. The L. S. Gardner who was here is a brother of Mrs. J. W. Dillingham near Mareburg, this county.

Five of the girls at Dormitory fire, yesterday morning, subdued the flames, which originated in one of the bed rooms. They handled the fire extinguishers and hose like veteran firemen and had the blaze put out before arrival of assistance of the citizens. Among the girls were Elizabeth Pulliam, Ray Hunt, Mary Mae Latham, and May Upton, who are to be congratulated for their good work and bravery shown.

Mr. George Lacey, one of the oldest and most successful farmers Rockcastle has ever had, died Monday night at his home, two miles west of here, of a complication of troubles. Uncle George, as he was familiarly called, had been on the decline for months, but the illness which cut off the useful and well spent life of this good man lasted only a week.

The burial took place Tuesday at the family burying ground near his home, where a large concourse of friends gathered to pay a last tribute of respect.

J. A. Oliver, who burned out at Livingston sometime ago and who filed articles in bankruptcy after exhausting all means to get a compromise at a per cent that he would be able to pay, has withdrawn his bankruptcy proceedings, perfected the compromise, having a clear receipt for all accounts and as soon as he can get in his goods will be back in business at Livingston. This was a square deal so far as Joe was concerned, the people know it and the people are his friends.

DICK MARTIN IS DEAD!!!

R. S. Martin died at his home at Broadhead, on the 6th instant. Three days before his death he was stricken with paralysis and he was never afterwards able to talk or fully at himself. He was buried on Monday the 8th instant in the family burying ground near Broadhead.

Richard Seldon Martin was born in Appomattox county, Virginia Dec. 12th, 1839. He spent his boyhood on the farm till he was eighteen years old when he became a traveling salesman for a Tobacco Manufacturing Company which he followed till his state joined with the Southern Confederacy, and at its first call for volunteers he became a Confederate soldier in Gen. Lee's Army, Gen. Gordon's Corps, and Gen. Pickett's Division. His official rank was that of Orderly Sergeant, but he often led his company as its Captain being the highest living officer of the company those above him having fallen in battle. He was always in the thick of the fight beginning with the first battle of Bull Run and ending with that most bloody and memorable charge at Gettysburg led by Gen. Pickett. Mr. Martin was badly wounded in that charge. He lay for three days under an old peach tree without care, food or water when he was taken to a hospital. His recovery left him a cripple for life, but like the true and gallant soldier that he was, he wanted to remain with the army, and he was then made a recruiting officer which position he held till the surrender. He then returned to his devastated home where he remained till 1869, and in the mean time having married Miss Sally B. Jones, a most estimable woman, when with his wife and his brother Mr. S. H. Martin, he came to this county and located near Broadhead and in which vicinity he remained during the balance of his life.

After coming to this county Mr. Martin followed, farming for a few years. He then began, in a small way, the tobacco business at Broadhead. His efforts were successful. He later established a manufacturing plant at Junction City, Kentucky, where he was also successful.

A few years after coming to Kentucky his wife died. He later married Miss Lou Harris, of Broadhead, who with their five children, survives him. To his first marriage there was born four children, all of whom are dead except Mrs. Mary E. Protheroe, who resides with her husband in Chicago, Illinois.

Rockcastle county had no better citizen than Dick Martin. He was a devoted member of the Christian Church and in every sense of the word a most upright Christian gentleman. He was ever ready to extend the helping hand to those in need. Recently one of his customers that owed him a bill lost his store by fire. He had no insurance and was unable to pay his debts. He asked his creditors for a compromise and submitted his offer to Mr. Martin, as well as all his other creditors. Mr. Martin's reply was: "Yes, I will accept the compromise and will give the amount that is coming to me to my customer, Mr. —, who had the misfortune to lose his goods by fire." This little incident tells the character of man Mr. Martin was during the whole course of his eventful life.

LIVINGSTON.

DIED—March 4, 1915. Mrs. Abel Pennington, wife of Mr. Abel Pennington, who departed this life some over a year ago. Mrs. Pennington was, before her marriage, Miss Angeline King. They were married in the year 1865. She had been a member of the Baptist Church since youth, and to that union were born eleven children. One J. A. Pennington died about seven years ago. Following are the names and addresses of the other ten yet living: Mrs. Neal Parrett, Mt. Vernon; T. J. Pennington, Livingston; S. E. Pennington, London; Mrs. W. H. Brown, Mt. Vernon; Mrs. O. A. Frith, Broadhead; Mrs. R. C. Pike, Livingston; G. D. Pennington, Idaho; Mrs. J. N. Clark, Livingston; Miss Flora Pennington, Livingston; and A. K. Pennington, of Greensburg, N. C. Funeral services were conducted by the Rev. D. Edgar Allen, of Mt. Vernon, Friday evening, and she was taken to Mt. Vernon where she was laid to rest beside her husband to await the call of her Master. The bereaved family has the sympathy of the town and community.

We have decided to try to write more regular and would be glad that all who have items would please hand them to us, and in the future we will do our best. Our territory extends from McKee in Jackson county, to Dallas, in Pulaski county, and from the Lincoln county line to Wild Cat Mountains in Laurel county—Mr. and Mrs. J. P. E. Drummond has returned from Knoxville, Tenn., where they went a few days ago to visit relatives—Ben Hellard was working in J. P. E. Drummond's store while Mr. Drummond was on his vacation. While Livingston is a small town of perhaps 500 inhabitants, yet we are blessed with our part of religious services. The Christian Church has services two Saturdays and Sundays out of the month, and the Baptist Church the same, and the Presbyterian one Saturday and Sunday out of the month, and a Sunday School at each church with large attendance, and then we have prayer meetings, Christian Endeavors, and B. Y. P. U. So you see the citizens here are trying to do their part. None can say repeat the sweet story to me. Well, there is a cry of hard times and a scarcity of work. We will admit there is a lull in business and work is on the minority list, but for the past few years we have had a glorious time and have been living fast, and now comes the lull. We believe that too many have quit their little farms and gone to public works and now the thing to do is to return to the little hill side farm, let it be ever so humble. Plant out large crops, even if the ground is so steep that you have to shoot your corn in with a double barrel shot gun, harvest will surely come and besides, this morning the sun is shining brightly and ere long mother earth will be clothed in greenness and we can look down the line and see deliverance coming which spring never fails to bestow. Several have asked why we have failed to write the past two weeks and we will give you the reason. You all know in the good book there were several reasons why some had failed to attend a feast. We have been moving and getting straightened up and if you all have had any experience in moving it will be useless to add another word. So this is our excuse and we think this is a reasonable one, but in the future we will be able to give the news promptly.

We hear a great deal about hard times and we believe times are just a little shakey at present but our merchants are doing a land office business in selling goods. It seems that all merchants and clerks are busy. Some goods are high yet they sell lots of them. W. G. Rivers, who has been very sick for some time, is slowly improving.—The large saw mill owned by the Thomas heirs, which burned a week ago, we are informed was covered by insurance. This will hurt Livingston some as several men were employed there when it was running.—William Fallas, an engineer in the Livingston and Cozatt's helping service, was with home folks Sunday, at Lebanon Junction.—N. H. Oliver has purchased a house and several acres of land near town and has moved his family there.—W. A. Warren has returned from Paris, where he went to have an operation performed on his eyes.—Mrs. Jerry Sams, of Hazel Patch, spent the past Sunday with Mrs. W. A. Warren.—Born to the wife of John Mullins on the 28th, a fine boy, christened William Eimer. Mother and babe both doing well.—Mrs. Ed Quinn is visiting relatives in Mt. Vernon.—Mr. and Mrs. W. H. Krueger was in East Bernstadt Sunday.—P. L. Thompson, the good-natured salesman of Mt. Vernon, was in our town Monday.—Mrs. G. D. Cook was in Mt. Vernon, Monday, visiting relatives.—Miss Ella Waddle, of East Bernstadt, was with home folks Sunday.—Ben Griffin, of the Buckeye Section, was with home folks Sunday.—J. H. Browning was with home folks at Maywood, Sunday.—There were 140 scholars in attendance at the Sunday School of the Christian Church, Sunday.—Mr. and Mrs. W. H. Brown, of Mt. Vernon, were here during the sickness and death of Mrs.

Brown's mother, Mrs. A. Pennington.—Bill Yaden, of Broadhead, was here Sunday between trains.—D. B. Rambo, who had the misfortune to get his leg broken, is getting along as well as could be expected.—E. J. Weaver, who has been here in the helping service between Livingston and Winchester as engineer, has been transferred to Paris, Ky., and will move his family there.—The Rev. Macmillan, of Mt. Vernon, was here between trains, Sunday.—U. G. Baker, Mt. Vernon's up-to-date merchant, spent Sunday with G. S. Griffin.—Miss Lydia Gook, who has been in Cincinnati for some time is with home folks.—Rev. D. Edgar Allen, of Mt. Vernon, will till his regular appointment at the Baptist Church, Saturday and Sunday.—Mrs. Jessie Taylor and daughter, Miss Sarah, enroute to Arizona, stopped over a few days with Mrs. C. H. Rice.—Misses Carrie Ponder, Ella Mae Blanford, Georgia Amyx, Nettie Rice and Tempest Ward were in Mt. Vernon, Saturday attending the burial of Mrs. A. Pennington.—Mr. and Mrs. I. E. Mann were visiting relatives in Paris, Sunday.—Hubert Niceley will move his family to the farm over the river, that his father, W. G. Niceley, purchased of the Thomas heirs.

WHY FOR BONDS

W. H. J. Moore, Renfroes.—Because I am from a Virginia county (Wise) where they have pikes all over it made from bond issues of a million dollars, no State aid there is always something doing. The bond issue and building of good roads in South West Virginia has increased land values and brought in more investors than any other one cause and made better times.

John Berry, Green Hill. We get the roads, provide labor, receive business and get sale for thousands of cars of our inexhaustible supply of stone to other counties building roads, create markets for the farmers, scatters money thruout the county, helping every citizen.

James Ballenger Boone.—I wish our people to take advantage of the greatest opportunity that was ever presented to Rockcastle for securing turnpikes and be in the way of progress.

J. E. Coldiron, Conway.—We need the roads.

U. S. Berry, Conway.—Get into the band wagon while there is yet time. We must have those roads.

A. T. Abney, Climax.—When we get good roads we will not be cut off from our neighbors and other counties, months at a time during the winter.

Moses Anglin, Wildie.—It will in addition to many other advantages cause an increase in our farm products and sale thereof, more and better stock will be raised which can be sold here at a home market not having to drive them to other counties.

Sam Croucher, Disputanta.—One can take his surplus stock to town on court days and find a ready market. Our county fairs, which are already good, will be much improved and attract a much larger attendance from neighboring counties.

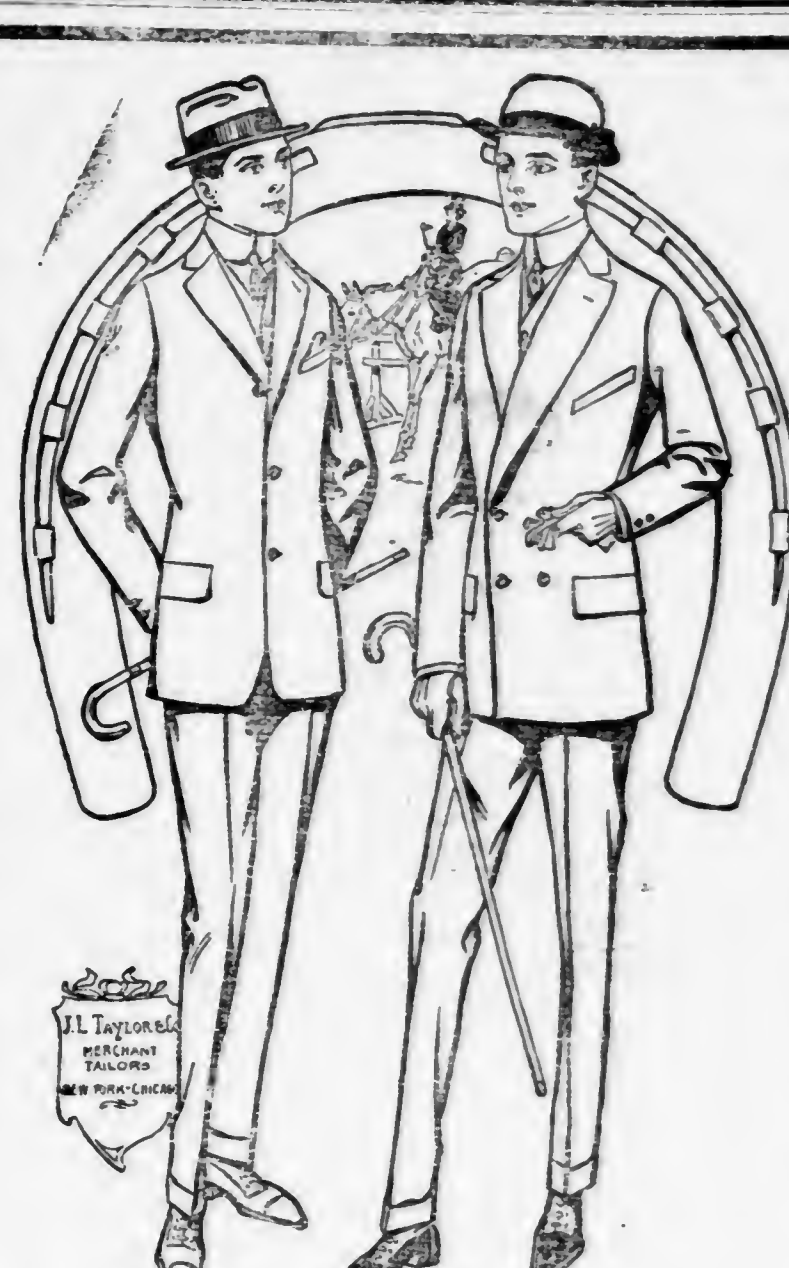

Tom Mod Mullins, Withers.—I could say "I am for it just because I am for it" like the man who said he was "agin it" and I could give too good reasons why I am for it, but what's the use? Anybody ought to see it with his eyes closed that by voting the bond issue it will be the making of the county and the issue will win.

E. F. Bryant, Pine Hill.—Five years from now our county will have been on the road of prosperity and gained so in progress that it will seem like an entirely different place on the map.

Reuben Burton, Rose Hill.—I am for the bond issue and am glad its going to carry. I think everyone should be willing to allow the county accept a present of \$50,000 from the State road fund.

Elisha Bullock, Hansford.—A man who is against the bond issue has no better argument than one who favors whiskey and bar-rooms.

FIVE THOUSAND HEAR COOPER

Exhibited Watch Valued at
\$5,500 Given Him by
Grateful Father

Lexington, March 12, 1915
It is estimated that five thousand and Lexington people heard L. T. Cooper, the man who created such widespread attention in the East, one evening recently. Cooper explained to the vast crowd his theories on health and hygiene, accompanied by a unique demonstration of his celebrated preparation Tanlac, which he is personally introducing in the larger American cities.

In connection with his visit to Kentucky, Cooper said: "I shall remain in Kentucky for a short time. However, I shall give the people of this section of the country the same benefits of my study and my medicine that I have given the multitudes of New York where I have been busy during the past year helping the hundreds of thousands of suffering humans in that great city."

"While here I will prove to every one how easy it is to guard against the inroads of ill health by guarding your health as carefully as you do some other features of your daily lives."

"Catarrhal ejections of the head, nose, throat and stomach, as well as the kidneys, produce a stiffened condition of the vital organs, and nine times out of ten this trouble is responsible for most of the ill-health of we present day Americans. Faulty methods of living are back of this all, but it is never too late to correct our faults."

"Tanlac, the wonderful medicine that I am introducing to correct this condition, I believe to be the best thing of the kind on the American market today. This fact has been proven thruout the great Eastern cities, as well as right here in Lexington, where hundreds of people are already realizing the surprising results from its use."

"They all testify that Tanlac has a peculiarly grateful effect, seems to go right to the desired spot, warms up the entire system, and gives great strength and development where it is most needed—correcting all of the ills and weaknesses which come from years of misuse of the vital and digestive organs."

Cooper then exhibited a handsomely engraved gold watch, studded with forty-seven perfectly cut diamonds, which is valued at \$5,500, that was given to him as a token of appreciation by a prominent jeweler, whose son was relieved by Tanlac.

The celebrated Tanlac is sold exclusively in Mt. Vernon by CHAS. C. DAVIS and can also be obtained in Livingston at the Central Drug Co's store.

Knowing The Advan- tage of Good Roads

Covington, Ky., 3-1-15
To the Voters of Rockcastle:

Living in a city of fine streets and in a county of splendid pikes, and having been born and reared on the Old State Road in Rockcastle, near the Jackson county line, I feel that I am in a position to know the vast difference between the county blessed with good roads and the one cursed with bad ones. Take it from one who traveled for many years on the miserable roads of Rockcastle, that bad highways are mill stones around the neck of any people; that they are a draw-back to every thing, driving many of the best citizens out of the county, while keeping those who remain poor and deprived of educational advantages.

Having lived on bad roads, I fully understand the horrible disadvantages of them; having also lived and traveled on fine pikes, I know the very great and many advantages afforded by them. Believe me, Voters of Rockcastle, when I say that every one of you owe it to yourself, to your family, to the cause of education, to the moral and educational uplift of the county to vote "YES" on the bond issue March 27th.

Wishing you all more prosperity and better surroundings, I am,
Your friend,
WADE BALLARD.

It you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. Editor Signal,
Mt. Vernon, Ky.
To the voters of Rockcastle County:

There's approaching and is near at hand an election and one of vast importance, to the people of this county. On the 27 inst we are to vote whether or not we want the Fiscal Court to issue County bonds to the amount of \$100,000 for the purpose of building pike roads thru the county. Coming as it does should we vote this issue down we would be doing not only to ourselves but to future generation a great wrong. We now have an opportunity of having our county crossed by turnpikes in two ways by voting the bonds of \$100,000, then when we have voted these bonds the state by a law passed in 1914, comes to our aid and pays one-half the debt which only leaves the county to pay \$50,000, then the Railroads and Corporations in the county paying 60 per cent of the road tax would pay \$30,000 thereby leaving the farmer with only \$20,000 of the \$100,000 to pay and the farmer and people living in the rural district gets all the benefit of the roads. Now to those who only pay a poll tax they above all others should vote for this issue. They only pay poll tax and under no circumstance could a poll be placed on them to pay off bonds. Their taxes under no condition could be any more than it now is \$1.50. The law forbids the raising of poll taxes in Kentucky over \$1.50.

Now as the election is close at hand my wish is, that all voters would look at this in its true light and if they are doubtful look up the act of the Legislature of 1914 where the law is plain on the subject. We are living on the borders of the Bluegrass country and should we vote this issue down after counties far remote from that part of the county vote a tax on themselves like Ball and Knox county would be a bad mark on us, showing that the people of Rockcastle had no energy or get up and are willing to stay without improvements. So my fellow voters let's not have our neighbors talk about us but every man go to the polls on the 27th of March and show the balance of Ky. that we are alive, wide awake people, taking advantage of every good thing by giving to the bond issue a majority of at least 10 to 1.

Yours for better roads,
T. J. HAYES.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."
